MALWANCHAL UNIVERSITY

INDEX INSTITUTE OF DENTAL SCIENCES INDORE (M.P.)
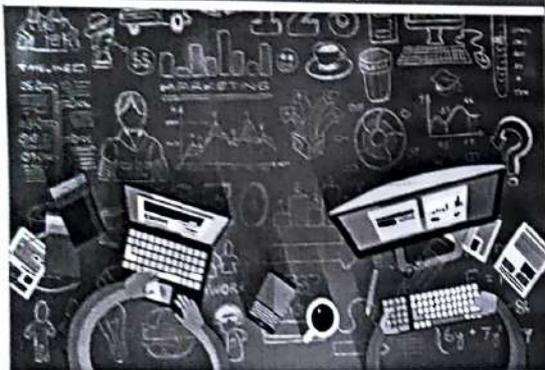

Introduction to E-Content Programme

COURSE CONTENT

What is e-content? And how to prepare it?, Tools for e-content creation, Effective usage of MS Office for delivery of e-content, Effective usage of various digital platforms.

ABOUT

Since the time current government came to power, their one of the main agendas has been to stress upon digitization of all possible spheres. Various education policies specifically speak volumes about digital education and if we go by the University Grants Commission (UGC) norms then we find that special credit points are allotted for digital content/e-content creation.

Keeping in line with the above agenda various schemes have been launched by the government in the form of Digital India initiative, Atal tinkering labs (ATLs), Atal Innovation Mission (AIM) etc.

To inculcate the habit of digital content creation in our faculty members, this interactive programme has been initiated under the e-content series.

REGISTRATION DETAILS

Speaker: Dr Hemani Sukhija

Contact Person: Dr Dheeraj Sharma, Professor, Department of Oral Pathology&Microbiology and Dr Ravish Tongya, Professor, Department of Prosthodontics and Crown & Bridge

Target Group: Teaching Staff, IIDS

Schedule: 10:00 am-2:00 pm

Date: 15th May 2018

Venue: LH-1, IIDS, Ground Floor
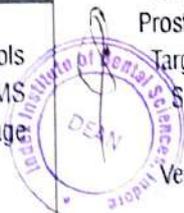

COURSE OUTCOMES:

The course will help the participants to:

1. Learn about LMS based web applications
2. Learn and use various e-tools such as digital board and pen
3. Understand the quality and working of various softwares such as ELUCIDAT, ADOBE CAPTIVATE etc.
4. Be more creative in approach

Report on Training Program for Teaching Faculties

Since the time current government came to power, their one of the main agendashas been to stress upon digitization of all possible spheres. Various education policies specifically speak volumes about digital education and if we go by the University Grants Commission (UGC) norms then we find that special credit points are allotted for digital content/e-content creation.

Keeping in line with the above agenda various schemes have been launched by the government in the form of Digital India initiative, Atal tinkering labs (ATLs), Atal Innovation Mission (AIM) etc.

Various universities across India have already started with their content driven education. therefore not to be left behind in this era of technology, Index Institute of Dental Sciences took an initiative to familiarize its faculty members with the recent developments in e-content methodologyand hence conducted an innovative session on *"Introduction to E-Content"*, delivered by Dr Hemani Sukhija, Professor & Head, Department of Oral Pathology & Microbiology, IIDS, Indore.

The speaker was introduced and programme wasgiven a go ahead by an introduction speech delivered by Dr. Magesh Kumar S, Professor & Head, Department of Periodontology, IIDS, Indore.

The programme aimed at following major objectives:

1. What is e-content? And how to prepare it?
2. Tools for e-content creation
3. Effective usage of MS Office for delivery of e-content
4. Effective usage of various digital platforms

The speaker for the day, Dr Hemani Sukhija explained the audience about Learning management systems (LMS) which are basically web-based application platforms used to plan, assess and implement the learning processes related to online and offline training, administration and performance management.

She also explained about co-authoring tools such as PROMETEUS, ARIADNE, SCORM etc. which are basically the softwares used for creating multimedia content for delivery on the world wide web.

While the speaker enthusiastically explained the various aspects of content creation, she particularly pointed out the four phases that are of utmost importance during content creation i.e.,

Registrar

Analysis phase, design phase, development phase, testing phase, implementation phase and finally evaluation phase.

Taking the session to the next level, Dr. Hemani Sukhija, enlisted the tools that can be utilized for preparation of e-content which are as follows:

1. Elucidat- a cloud-based tool that offers extensive library of pre-built templates.
2. Adobe Captivate- it's a desktop application that can be used for its customization options, color pallets, themes and slide master to create fit-for-purpose e-content development.
3. Articulate Storyline- offers a power point look and feel, and can be used for achieving interactivity in content through various triggers, which activates on tapping, clicking and rolling over the image.
4. Gomo- it's a cloud-based e-content development tool which allows to create web style e-learning courses that can be hosted online via the web or offline using the Gomo app.

She also enquired about the basic knowledge regarding digital platforms from the participants via an interactive quiz session in the middle, which did the work of ignition for the young as well as experienced minds to ponder upon the short comings that they could not contemplate all this while.

Post lunch, a hands-on session was conducted by Dr Hemani Sukhija and Dr. Dheeraj Sharma to further inspire and motivate the faculty members to utilize the various tools, including digital board and pen, for effective delivery of content.

After the hands-on session a conclusion speech and vote of thanks was delivered by Dr. Rolly S. Aggarwal, Vice Dean, IIDS followed later by a group photograph session.
