(Session 2021-22)

Feedback is collected from all the stakeholders as part of quality monitoring and quality assurance practices implemented in the institution. Feedback is usually collected both offline and through the feedback link available in the website and all the stakeholders are encouraged to fill in the feedback form.

The data so collected by using an online software is also analyzed by the software and the result is reviewed by the BOS and IQAC team. Recommendations are prepared and forwarded to the management. Action taken report is also prepared for follow up actions. The following is the analysis of number of responses per question. The overall responses and the average score per question are also analysed. In order to achieve this, responses for each question was collected in a scale of 1-5, with 5 being the most favorable and 1 being least favourable.
